

7th February 2019

PARIS

Location: ENS Cachan (Paris-Saclay) - 61 Avenue du Président Wilson, 94230 Cachan
(Workshop will be at Amphithéâtre Tocqueville)

COST Action TU1407 "Scientific and technical innovations for safer Powered Two Wheelers (PTW)" aims to develop a holistic and integrated approach towards PTW safety across Europe.

Time	Person	Presentation
10:00	Welcome of participants - Marco Pierini - Stéphane Espié	Introduction Organization
10:15	WG1: Accidentology - Adrià Ferrer - Núria Parera	"WG1: Accidentology" "Protective Innovations of New Equipment for enhanced Rider Safety"
10:45	WG2: Rider behaviour - Sebastian Will - Raphael Pless - Stéphane Espié	"Rider Behaviour & Training: Safe2Wheelers and beyond" "PTW simulation technology" "Training using simulators?"
11:25	Coffee break	
11:45	WG3 Traffic environment - Francisco López-Valdés - Christos Ioakemidis - Dimitris Margaritis	"Road infrastructure and motorcyclists: called to be together" "Potential of V2X, V2V (PTW) technologies and corresponding paths towards safety and massification use of ITS on PTW" "SafeWheelers project"
12:25	WG4 Technical solutions - Roberto Lot - Caroline Deck - Rémy Willinger	"Primary Safety of Powered-two wheelers: the road ahead?" "Proposal for new helmet standard / Helmet consumer tests" "Towards Neck Brace testing"
13:05	Lunch (catering: €20)	
14:25	WG5 Integration, policy, legislation, dissemination - Lauren Meredith	"A Summary of Working Group 5: Integration across WGs using road maps - policy, legislation & dissemination"
	14:40 Round table - WG Leaders - Dimitris Margaritis (FIM) - Veneta Vassileva (ACEM) - Hennes Fischer (CMC) - Dolf Williger (FEMA) - Dominique Mignot (FERSI) and... all the audience!	
15:50/16:00	Closure / End of the day
